Congregation Adas Emuno Religious School

We are a warm and welcoming community committed to an inclusive and participatory form of religious education.

Adas Emuno is a house of worship, a religious school for our children, and a center for social action, spirituality, and song. It is a source for lifelong learning, a nexus for Jewish culture, and a hamish place that just feels like home.

Our religious school offers a dynamic and engaging environment in which children can learn both Judaics and Hebrew.

We invite new students, in all grades, to join us whether this is their first step in Jewish education or a continuation of a foundation already begun.

Grades K-5

Students begin their Sunday mornings with Tefiliah (prayer) and song with their peers. Families are welcome to join our students during this time. During religious school classes, students are taught both Judaics and Hebrew at a level that is appropriate for their age. Adas Emuno's children learn about Jewish holidays, traditions and Israel in a fun and engaging setting. One highlight of religious school is our family services! They are held once a month on Friday evenings. Each grade helps lead the service along with the Rabbi.

We invite all families regardless of whether they attend our Religious School to come and enjoy the service. We know that parents are the necessary ingredient to make our efforts successful and invite you to join us in this shared endeavor!

Grades 6-7

As our 6th and 7th graders prepare for B'nai Mitzvah, they work directly with our Rabbi to explore the meaning of their Torah portion and prepare their own D'var Torah. Students also work closely with our Cantor to master their Torah portion. All of the hard work culminates in a beautiful service led by the B'nai Mitzvah student.

Grades 8-10

For students in grades 8 through 10 Confirmation class meets with the Rabbi once a month. This is an enriching program designed to provide older students with the opportunity to deepen their Jewish identity through study, lively debate and an exploration of Jewish morals, ethics and teachings.
